Dear Sir / Madam

Sub: **Request for approval and support for funded project-reg**

We are in civil engineering Department of PANDIAN SARASWATHI YADAV ENGINEERING COLLEGE is functioning effectively from 2000. We are ready to do the funded project on "Testing of Construction Materials and preparation of design and drawing for buildings" in association with your concern. This project will go to work out by our faculty investigator Mr. N. Nagarjuna, Assistant Professor, Civil Engineering Department it helps this is project to our faculty seem to be innovative and would be high social relevance. Kindly Accept the same.

Thanking you

Mr. N. Naga Arjuna, M.E,
Assistant Professor / Civil,
Department of Civil Engineering,
Pandian Saraswathi Yadav Engineering College,
Arasanoor, Sivaganga.

Dear Sir / Madam

Sub: Acceptance and Provision of Financial Assistance for funded project –

Reg.

I am happy to inform that the proposal submitted by the Department of civil engineering under the work titled. "Testing of Construction Materials and preparation of design and drawing for buildings" has selected and approved by our organization and sanctioned Rs 3,50,000/- (Three Lakh Fifty Thousand only) as the project seems to be innovative and would be high social relevance.

In this regard the principal investigation is requested to complete the work and submit the monthly report of the completion status along with the presentation file to the company address without fail.

Project Title	Principal Investigator	Project Duration	Possible Fund
Testing of Construction Materials and preparation of Design and Drawings for Buildings	Mr. N.Naga Arjuna, M.E, AP / Civil	2 Years	3,50,000 / -

Thanking You

PANDIAN SARASWATHI YADAV ENGINEERING COLLEGE

DEPARTMENT OF CIVIL ENGINEERING

PROJECT PROPOSAL FOR POSSIBLE FUND

S.No	Items	Details
1.	Project Title	Design, Drawing and Estimation of Buildings
2.	Project Type	To prepare a structural Design based on Indian standard Code provision like Beam, Column, Slab, Stair Case and Footing etc. and also prepare the Estimation of the project as per specification.
3.	Objectives	We should able to understand the building design for framed structures and also, we get knowledge about designing software. To design a functional and aesthetically pleasing building. To ensure structural integrity and safety. To incorporate sustainable and energy-efficient solutions. To provide accurate cost and material estimations.
4.	Methodology	To Prepare a plan The methodology for this project involves Structural Design Estimation several stages: <ol style="list-style-type: none">Preliminary Research: Reviewing existing literature and case studies.Site Analysis: Assessing the location for environmental, topographical, and regulatory factors.

		<p>3. Design Development: Creating architectural, structural, and MEP designs.</p> <p>4. Estimation: Calculating material requirements, costs, and project timelines.</p>
5.	Total Cost Required	Rs 3,50,000 / -
6.	Summary	<p>From this proposal We got design experience in different types of buildings. The design, drawing, and estimation of buildings are integral stages in the construction process. Design begins with conceptualizing the project's purpose and scope, progresses through schematic and design development phases, and culminates in detailed construction documents. Drawing, encompassing architectural, structural, MEP (mechanical, electrical, and plumbing), and landscape plans, translates design concepts into precise visual instructions for construction. Estimation involves calculating costs and quantities of materials and labor, ensuring financial feasibility and guiding budget management throughout the project. Modern tools like CAD and BIM software enhance accuracy and efficiency in these stages, fostering collaboration among architects, engineers, and contractors. Together, these processes ensure the creation of functional, aesthetically pleasing, and cost-effective buildings.</p>
