Date & Time : 14.06.2019(Friday)&10.00 A.M

Our Electronics and Electrical Department of PSYEC organized "WOMEN ENTERPRENEURSHIP EMPOWERMENT PROGRAM" on 14<sup>th</sup> June 2019 at 10.00 A.M in PSY campus. Economic empowerment allows women to control and benefit from resources, assets, and income. It also aids the ability to manage risk and improve women's well-being. It can result in approaches to support trivialized genders in a particular political or social context. While often interchangeably used, the more comprehensive concept of gender empowerment concerns people of any gender, stressing the distinction between biological and gender as a role. Women empowerment helps boost women's status through literacy, education, training and awareness creation
