DEPARTMENT OF
COMPUTER SCIENCE AND ENGINEERING

THE VISION

To push the boundaries of innovation, creativity, and problem-solving by integrating computer science principles with engineering principles.

THE MISSION

- ❖ To provide quality education to the students based on the continuously changing global graduate attributes.
- ❖ To tie up with industries for mutual benefit like training, internship and partial delivery of courses for the students.
- ❖ To develop partnership with industries for Product development and Research.

DEPARTMENT OF
COMPUTER SCIENCE AND ENGINEERING
(CYBER SECURITY)

THE VISION

To provide quality technical training to employ them with foundation skills in a broad area of cyber threat/attack detection, analysis, prevention and forensics and become responsible citizens with human values.

THE MISSION

- ❖ To equip students with state-of-the-art training and development in the broad field of cyber security.

- ❖ To conduct knowledge transfer programs to enhance the technical knowledge in the field of Cyber Security.

- ❖ To provide allied research and academic resources that support for Cyber security professionals.

DEPARTMENT OF
COMPUTER SCIENCE AND ENGINEERING
(ARTIFICIAL INTELLIGENCE AND MACHINE LEARNING)

THE VISION

To be a premier center of excellence with research in artificial intelligence through unique interdisciplinary partnerships and positive contribution to the community, organizations and society as a whole.

THE MISSION

❖ To Impart rigorous training to generate knowledge through the state-of-the-art concepts and technologies in Artificial Intelligence and Machine Learning.

❖ To inspire and nurture students, with up-to-date knowledge in Artificial Intelligence and Machine Learning ethics, team spirit, leadership abilities, innovation and creativity to come out with solutions meeting societal needs.

❖ To collaborate with industry to uplift innovative research and development in Artificial Intelligence and Machine Learning and its allied fields to serve the needs of society.

DEPARTMENT OF INFORMATION TECHNOLOGY

THE VISION

To achieve global standards in quality of Education, Research and Development in Information Technology by adapting to the rapid technological advancement.

THE MISSION

- ❖ To provide technical solutions in the field of Information Technology to the local society.

- ❖ To provide need-based quality training in the field of Information Technology.

- ❖ To provide students with the tools to become productive, participating global.

DEPARTMENT OF
ARTIFICIAL INTELLIGENCE AND DATA SCIENCE

THE VISION

To pioneer innovative artificial intelligence and data science solutions that transform industries, enhance human experiences, and drive societal progress.

THE MISSION

❖ To educate and empower the next generation of artificial intelligence and data science practitioners through mentorship, training, and research opportunities.

❖ To Enhance employability and entrepreneurial skills in the field of artificial intelligence and data science through experiential and self-directed learning.

❖ To develop ethical data science professionals who utilize data for the welfare of society

DEPARTMENT OF

ELECTRONICS AND COMMUNICATION ENGINEERING

THE VISION

To prepare future engineers with strong academic knowledge, ethical principles, leadership abilities and a commitment to societal contribution.

THE MISSION

❖ To deliver high quality and up to date education in electronics and communication engineering by continuously upgrading the curriculum and laboratory facilities. fostering industrial collaboration and enhancing the teaching learning process.

❖ To instill a professional attitude and ethical values in our students.

DEPARTMENT OF

ELECTRICAL AND ELECTRONICS ENGINEERING

THE VISION

To be recognized as a centre of excellence for producing competent and ethical electrical engineers who can address societal, environmental and industrial challenges using innovative technologies requires a strategic approach.

THE MISSION

❖ To offer good quality under graduate and post graduate programmers, research and development in electrical and electronics engineering.

❖ To provide state of the act resources that contributes to achieve excellence in teaching learning, research and development activities.

❖ To bridge the gap between industry and academia by framing curriculum and syllabus based on industrial and societal need.

DEPARTMENT OF MECHANICAL ENGINEERING

THE VISION

Providing global quality technical education and producing competent and ethical mechanical engineers for the environmental, industrial challenges.

THE MISSION

- ❖ To motivate in the soul of entrepreneurship, encourage the consultancy. work and to enable the students to develop all round in personality development.

- ❖ To encourage the students in developing communication skills and team. work for solving the complex technological current industrial problems.

DEPARTMENT OF
SCIENCE AND HUMANITIES

THE VISION

Our vision is to make the students realize the importance of science and Humanities and also to create an awareness for Engineering and Technology which enrich the student into a proficient expert.

THE MISSION

❖ To impart engineering fundamentals by providing Mathematics and Basic science.

❖ To stimulate reading, listening and writing skills.

❖ To promote innovative culture among the students.

❖ To inculcate extraordinary analytical, logical, soft skill and ethical values in students to make them ready for corporate world.
